PURPOSE OF THE COMMUNITY GRANTS

Guided by its mission to serve those on the margins and demonstrating its commitment to responding to emerging community needs, Catholic Charities of the Archdiocese of Toronto (CCAT) has expanded its Community Grants Program. Through this expanded program, we aim to support and partner with organizations that address critical social needs in communities across the Archdiocese of Toronto¹ and demonstrate a strong commitment to safeguarding human dignity and promoting the flourishing of individuals through their programs, services, and operations.

The expansion is made possible through a generous legacy gift and a strategic investment to support CCAT's member agencies and other community organizations whose work reflects the values and community priorities outlined in this program.

This document summarizes the expansion of our community grants to align with projects and initiatives intended to respond to the following seven identified community needs:

- Food security
- Housing/homelessness
- Mental health and wellbeing
- Migrants and refugees
- Palliative care
- People with disabilities
- Seniors

The first four areas were identified through recent environmental scans and stakeholder feedback conducted by the Center for Organizational Effectiveness for CCAT's 2026-2030 Strategic Plan, while the last three were identified in CCAT's 2020-2024 Strategic Plan.

¹ The Archdiocese of Toronto includes the City of Toronto, the regional municipalities of Peel, York and Durham and Simcoe County.

2026 CALL FOR FUNDING PROPOSALS

Catholic Charities of the Archdiocese of Toronto (CCAT) is pleased to invite applications for its 2026 Community Grants Program. We welcome applications from organizations that are working to address pressing community needs in the City of Toronto, the regional municipalities of Peel, York, and Durham, and Simcoe County.

The Community Grants support initiatives that promote human dignity, solidarity, subsidiarity, the common good, and a preferential option for the poor; values that are rooted in Catholic Social Teaching and shared by many organizations across the charitable sector.
